# Occupational Medicine

## *Your workplace health is essential*

Xpress Wellness Urgent Care understands the success of your business relies on the health and well-being of your employees. Accidents, illnesses, sick days and time loss all take a toll on the efficiency, productivity, and profit of your business. Xpress Wellness Urgent Care's teams of certified medical providers are committed to getting your employees back to work as safely and quickly as possible. Xpress Wellness is proud to offer a variety of occupational medicine and worker's compensation services to the communities in which we serve.
