

MODULAR VERSATILITY

The modular design of factory coated, bolted storage tanks allows for the installation of NFPA, NBCC and AWWA rated Fire Protection Systems in some of the most unlikely places with minimal disruption to your facility and operations.

RETAIL CENTRE Sauble Beach, ON

GREATARIO built a 11.89 x 6.10m, 71,200 USG capacity tank **in the basement** of a retail centre to meet unique requirements

WAREHOUSE Windsor, ON

GREATARIO built a 300,000 USG 10.9m x 12.10m HydroTec epoxy storage tank in only 4 weeks.

DISTRIBUTION CENTRE Brantford, ON

GREATARIO built a new HydrroTec Epoxy 10.4m x 14.56m tank with a steel floor, knuckle roof and cladding in only 4 weeks.

CAPABILITIES AND EXPERIENCE

GREATARIO ENGINEERED STORAGE SYSTEMS

has been building fire protection storage systems since 1986. Leading edge technology, engineering support and sound construction methods have allowed Greatario to become the largest field-erected tank builders in Canada. With experience spanning more than 30 years, and more than 400 installations, Greatario has both the product AND the expertise for any application.

AT GREATARIO, WE OFFER:

- Turn-key design/build solutions
- NFPA, FM, NBCC, and AWWA designs
- Easy future tank relocation
- Small site footprint for less disruption
- Modular tanks for difficult locations
- Fast construction schedules
- Geotechnical expertise
- Reduced maintenance/downtime
- NO tank repainting
- Future vertical tank expansion
- Fully trained manufacturer-certified crews
- We offer varying degrees of involvement:
 - Design/Build
 - Subcontractor
 - General Contractor

GREATARIO FIRE PROTECTION STORAGE SYSTEMS

HYDROTEC®

- Offers the lowest initial costs without sacrificing coating quality and durability
- Utilizes proprietary epoxy coating technology OptiBond™ for excellent corrosion resistance and long tank life

AQUASTORE®

- Glass-fused-to-steel tanks offer the lowest total life cycle costs in the industry
- Manufactured with exclusive Vitrium™ TiO2 and Edgecoat II™ Technologies for maximum corrosion resistance and the longest life span available

TANK SYSTEMS

- Foundations
- Insulation/cladding
- Level controls
- Mechanical/Electrical
- Sensors
- Tank Heaters
- Tank Mixers

DID YOU KNOW?

Greatario Services can inspect and service most tank types, often without taking them offline:
Bolted Tanks, Welded Tanks, and Concrete Reservoirs.
