

PTA, made easier

- Engage parents better.
- Raise more funds.
- Keep your PTA in good standing.

So you can do less administrative work and more for your school.

Why MemberHub?

1 You'll get tools to better engage more parents.

MemberHub reduces confusion for parents — and helps them find new ways to help.

Parents will understand the value of PTA with welcome information and communication tools, plus easy online membership purchase. With online memberships, you'll waste less time cashing checks and writing receipts. And you'll get an automatic record of transactions and member lists.

2 It's easy to stay in good standing.

When you're running a PTA, you're running a nonprofit organization.

In MemberHub, dues are automatically synced with member lists and can be forwarded to the state with a click – all for about the cost of a stamp and envelope. PTA treasurers can easily file financial review and IRS Form 990 confirmations.

3 You'll get help building a stronger community of support.

MemberHub provides tools to help with one of your biggest challenges.

Online donation requests and creative options like PTA-sponsor advertising make fundraising easier on you and the school community.

"Parents really want to be involved. ... MemberHub opens up the lines of communication."

— Sara, Lacy Elementary School teacher
