

Your own school store

Sell PTA memberships to parents. No checks, no paper.

Sell school gear year-round. Make your own categories, sizes, colors & more!

Make it easy to give. Donations, custom fundraisers, and signups -- all here.

Free with your school's MemberHub site!

The
OLD
way

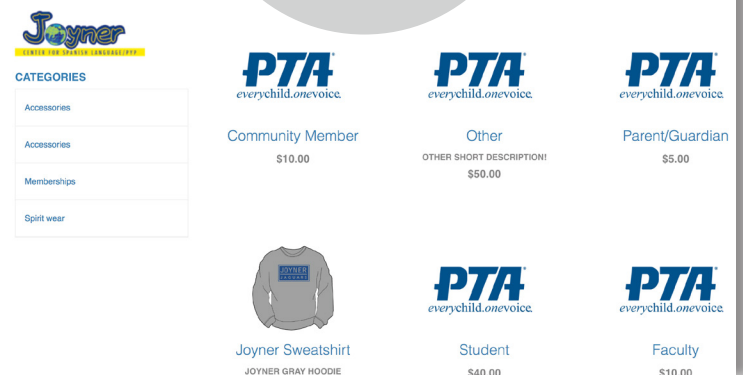

**A hodge podge of systems
confused families.**

**And who carries cash
and checks anymore?**

In the past, the PTA leaders:

- **Collected cash and checks**, then manually entered members in a spreadsheet.
- **Printed and mailed** PTA membership cards, and kept track of unused cards to turn back in to the state.
- **Sold school spirit wear for a one-time fundraiser** using paper order forms.
- **Raised funds the same way it's always been done** — with paper forms and multiple online accounts, hitting families with many requests.

The
PTA
way

**Volunteers — and families
— do way less work.**

Now:

- **Your prospective members want to pay online**— you can send them to one place to buy memberships.
- **Digital membership cards** are automatically emailed to members.
- **Sell custom and bundled PTA memberships** while still reporting state-approved member types.
- **Create a year-round store** full of memberships, spirit wear, donations, tickets, sponsorships, and more.

Simple to stay in good standing

Automatically pull together the right data. Volunteers do way less manual data entry for state membership reporting.

Remit state dues with a single click. This means less work in less time.

Easy to review and audit. Have a 2nd-signer requirement? You're covered.

The **OLD** way

Creating member lists and remitting dues was work.

Cash, checks, spreadsheets, oh my.

In the past, PTA leaders:

- **Collected PTA member information using paper forms**, then manually entered the data into a spreadsheet.
- **Collected and deposited all the cash and checks** for dues into a PTA bank account.
- **Mailed the member list and dues check** to the state PTA office.
- **Manually submitted good-standing acknowledgements** (like Form 990, audit, bylaws, budget, etc).

The **PTA** way

Send Payment via eCheck

Get lists and dues in order with a repeatable process and less effort.

Now:

- PTA memberships purchased in your online store are **automatically reported** to the state.
- **Remit the exact amount your PTA owes** to the state office with one click (via ACH). The fee is about the cost of a stamp and envelope.
- **Electronically submit good-standing confirmations** to the state in MemberHub.
