# We Care About the Environment

ILM makes natural areas healthier. Whether it's a pond, lake, stream, wetland, woodland or prairie - we provide the ecological skill and expertise needed to care for each place holistically. The result is the water, land, wildlife, and the way people interact with nature, are all enhanced.

## Our Services include:

- Aquatic plant control
- Shoreline restoration
- Sediment removal
- Natural areas restoration
- Invasive species removal
- Prescribed burning
- Stormwater solutions
- Aeration
- Consulting
- Permitting

Let's work together to make the most of your environment.
