THE ACHESON GROUP

Food Defense

Protecting your facility and brand

In 2024, FDA began full, comprehensive inspections to the Intentional Adulteration (IA) Rule. Are your protections in place?

TAG:

Has 4 FSPCA IAVA Lead Instructors to:

- Train your team
- Train your FDQI
  - Onsite or remote

Can test your site through:

- Vulnerability assessment
- Site Penetration assessment
- Mock inspection

Can review or help develop your:

- Food Defense Plan (FDP)
- IA Rule compliance

Why TAG

The TAG team's decade of experience working with food companies across the supply chain gives us a unique perspective of best industry practices that exceed regulatory requirements and protect you and your customers.

We understand your business and what it takes to be successful.
