of households fall into this segment

An overview of who makes up this segment across the United States

Who We Are

Mddleburg neighborhoods transformed from the easy pace of country living to semi-rural subdivisions in the last decade, when the housing boom reached out. Residents are conservative, family-oriented consumers. Still more country than rock and roll, they are thrifty but willing to carry some debt and are already investing in their futures. They rely on their smartphones and mobile devices to stay in touch and pride themselves on their expertise. They prefer to buy American and travel in the U.S. This market is younger but growing in size and assets.

Our Neighborhood

- Semi-rural locales within metropolitan areas.
- Neighborhoods changed rapidly in the previous decade with the addition of new single-family homes.
- Include a number of mobile homes.
- Affordable housing, median value of \$158,000 with a low vacancy rate.
- Young couples, many with children; average household size is 2.73.

Socioeconomic Traits

- Education: 66% with a high school diploma or some college.
- Unemployment rate lower at 7.4%.
- Labor force participation typical of a younger population at 66.7%.
- Traditional values are the norm here–faith, country and family.
- Prefer to buy American and for a good price.
- Comfortable with the latest in technology, for convenience (online banking or saving money on landlines) and entertainment.

Market Profile

- Residents are partial to trucks, SUVs, and occasionally, convertibles or motorcycles.
- Entertainment is primarily family-oriented, TV and movie rentals or theme parks and family restaurants.
- Spending priorities also focus on family (children's toys and apparel) or home DIY projects.
- Sports include hunting, target shooting, bowling and baseball.
- TV and magazines provide entertainment and information.
- Media preferences include country and Christian channels.

About this segment

The Great Outdoors

Thisisthe

dominant segment for this area

In this area

19.7%

of households fall into this segment

In the United States

1.5%

of households fall into this segment

An overview of who makes up this segment across the United States

Who We Are

Neighborhoods in The Great Outdoors segment are found in pastoral settings throughout the United States. Consumers are educated empty nesters living an active but modest lifestyle. Their focus is land. They are more likely to invest in real estate or a vacation home than stocks. They are active gardeners and partial to homegrown and home-cooked meals. Atthough retirement beckons, most of these residents still work, with incomes slightly above the U.S. level.

Our Neighborhood

- More than 55% of households are marriedcouple families, 36% are couples with no children living at home.
- Average household size is slightly smaller at 2.43.
- Typical of areas with rustic appeal, the housing inventory features single-family homes (76%) and mobile homes (16%); a significant inventory of seasonal housing is available.
- Residents live in small towns and rural communities throughout the West, South and Northeast regions of the country.
- More than half of all homes were constructed between 1970 and 2000.
- Most households have one or two vehicles, average travel time to work is slightly higher (28 minutes) despite a disproportionate number that work from home.

Socioeconomic Traits

- Nearly 60% have attended college or hold a degree.
- Unemployment is lower at 8%, but so is labor force participation at 60%.
- Typical of neighborhoods with older residents, income from retirement and Social Security is common, but residents also derive income from self-employment and investments.
- Residents are very do-it-yourself oriented and cost conscious.
- Many service their own autos, work on home improvement and remodeling projects, and maintain their own yards.
- They prefer domestic travel to trips abroad.

Market Profile

- Satellite dishes and riding lawn mowers are familiar sights in these rural settings, along with multiple vehicles; four-wheel drive trucks are popular, too.
- Residents are members of AARP and veterans' dubs and support various civic causes.
- Technology is not central in their lives light use of Internet connectivity for shopping and entertainment.
- Most households have pets-dogs or cats.
- Television channels such as CMT, History, and Fox News are popular.
- They enjoy outdoor activities such as hiking, hunting, fishing and boating.

About this segment

Green Acres

Thisisthe

#3

dominant segment for this area

In this area

18.7%

of households fall into this segment

In the United States

3.2%

of households fall into this segment

An overview of who makes up this segment across the United States

Who We Are

The Green Acres lifestyle features country living and self-reliance. They are avid do-it-yourselfers, maintaining and remodeling their homes, with all the necessary power tools to accomplish the jobs. Gardening, especially growing vegetables, is also a priority, again with the right tools, tillers, tractors and riding mowers. Outdoor living also features a variety of sports: hunting and fishing, motorcycling, hiking and camping, and even golf. Self-described conservatives, residents of Green Acres remain pessimistic about the near future yet are heavily invested in it.

Our Neighborhood

- Rural enclaves in metropolitan areas, primarily (not exclusively) older homes with acreage; new housing growth in
- the past 10 years.
- Single-family, owner-occupied housing, with a median value of \$197,000.
- An older market, primarily married couples, most with no children.

Socioeconomic Traits

- Education: 60% are college educated.
- Unemployment is low at 6%; labor force participation rate is high at 67.4%.
- Income is derived not only from wages and salaries but also from self-employment (more than 15% of households), investments (30% of households), and increasingly, from retirement.
- They are cautious consumers with a focus on quality and durability.
- Comfortable with technology, more as a tool than a trend: banking or paying bills online is convenient; but the Internet is not viewed as entertainment.
- Economic outlook is professed as pessimistic, but consumers are comfortable with debt, primarily as home and auto loans, and investments

Market Profile

- Purchasing choices reflect Green Acres' residents country life, including a variety of vehicles from trucks and SUVs to ATVs and motorcycles, preferably late model.
- Homeowners favor DIY home improvement projects and gardening.
- Media of choice are provided by satellite service, radio and television, also with an emphasis on country and home and garden.
- Green Acres residents pursue physical fitness vigorously, from working out on home exercise equipment to playing a variety of sports.
- Residents are active in their communities and a variety of social organizations, from fraternal orders to veterans' clubs.

About this segment Prairie Living

Thisisthe

#4

dominant segment for this area

In this area

10.1%

of households fall into this segment

In the United States

1.1%

of households fall into this segment

An overview of who makes up this segment across the United States

Who We Are

Prairie Living is the most rural market, comprising about 1 percent of households, located mainly in the Mdwest, with a predominance of self-employed farmers. These agricultural communities are not diverse. They are dominated by married-couple families that own single-family dwellings and many vehicles. Median household income is similar to the U.S., and labor force participation is slightly higher. Faith is important to this hardworking market. When they find time to relax, they favor outdoor activities.

Our Neighborhood

- About four-fifths of households are owner occupied.
- Dominant household type is married-couples with no children.
- Most are single-family homes (87%) built before 1980; a higher proportion were built before 1940.
- Higher percentage of vacant housing units is at 16%.
- Most households own 2 or 3 vehicles; this is the highest-ranked market for owning 4 or more vehicles

Socioeconomic Traits

- Half have completed some college education or hold a degree.
- At 4.1%, the unemployment rate is less than half the U.S. rate.
- Labor force participation rate slightly higher at 66%
- Wage and salary income for 73% of households plus self-employment income for 27%
- Faith and religion are important to these residents.
- Tend to buy things when they need them, rather than when they want them or to be trendy.
- Somewhat resistant to new technology.
- Creatures of habit when purchasing food items.

Market Profile

- Many own a truck, riding lawn mower, and ATV/UTV and have a satellite dish.
- They purchased plants and seeds in the past year for their vegetable garden, where their tiller comes in handy.
- They favor banking in person, have noninterest checking accounts, invest in CDs (more than 6 months), and have term/whole life insurance.
- · They are pet owners.
- Leisure activities include fishing, hunting, boating, camping, and attending country music concerts
- Residents prefer to listen to faith and inspirational, as well as country music on the radio
- They read home service, fishing/hunting and automotive magazines.
- They contribute to religious organizations and belong to religious clubs.
- Walmart is a favorite shopping stop; Subway is a favorite eating spot.

About this segment

Front Porches

Thisisthe

#5

dominant segment for this area

In this area

4.9%

of households fall into this segment

In the United States

1.6%

of households fall into this segment

An overview of who makes up this segment across the United States

Who We Are

Front Porches blends household types, with more young families with children or single households than average. This group is also more diverse than the U.S. Half of householders are renters, and many of the homes are older townhomes or duplexes. Friends and family are central to Front Porches residents and help to influence household buying decisions. Residents enjoy their automobiles and like cars that are fun to drive. Income and net worth are well below the U.S. average, and many families have taken out loans to make ends meet.

Our Neighborhood

- Nearly one in five homes is a duplex, triplex or quad; half are older single-family dwellings.
- Just over half the homes are occupied by renters
- Older, established neighborhoods; three quarters of all homes were built before 1980.
- Single-parent families or singles living alone make up almost half of the households.

Socioeconomic Traits

- Composed of a blue-collar work force with a strong labor force participation rate, but unemployment is high at 11%.
- Price is more important than brand names or style to these consumers.
- With limited incomes, these are not adventurous shoppers.
- They would rather cook a meal at home than dine out.
- They seek adventure and strive to have fun.

Market Profile

- Go online for gaming, online dating and chat rooms.
- Use their cell phones to redeem mobile coupons and listen to hip hop and R&B music.
- Drink energy and sports drinks.
- Participate in leisure activities including sports, indoor water parks, bingo and video games.
- Watch Comedy Central, Nickelodeon and PBS Kids Sprout.

About RPR (Realtors Property Resource)

- Realtors Property Resource® is a wholly owned subsidiary of the National Association REALTORS®.
- RPR offers comprehensive data including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.
- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.
- This report has been provided to you by a member of the NAR.

About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- **Listing data** from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.
- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records and RealtyTrac.
- Market conditions and forecasts based on listing and public records data.
- Census and employment data from the U.S. Census and the U.S. Bureau of Labor Statistics.
- Demographics and trends data from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.
- Business data including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.
- School data and reviews from Niche.
- Specialty data sets such as walkability scores, traffic counts and flood zones.

Update Frequency

- Listings and public records data are updated on a continuous basis.
- Charts and statistics calculated from listing and public records data are refreshed monthly.
- Other data sets range from daily to annual updates.
