William Harlon
ER Branch Chief

Mr. Harlon has 20+ years of experience working on several missions within the US Army Corps of Engineers. His prior experience includes timber contract management and cost reimbursable contract oversight in the Wilmington District, real estate management in the Savannah District, a project manager and COR for environmental compliance and sustainability programs in the Omaha District, a physical scientist and Army Program Manager with the Huntsville Center's Environmental and Munitions Center of Expertise, and a Section Chief in the Omaha District's Environmental Remediation (ER) Branch. Mr. Harlon currently on a temporary detail as the Acting Branch Chief for the Omaha District's Acquisition Support Team. His permanent duties will resume in April 2024, where he serves as the ER Branch Chief with the responsibility to oversee a highly technical staff of 44 and a contracting toolkit of \$1B. The ER Branch is currently executing an annual program of \$250M and provides ERS, ECS, and A&AS services to DOD and non-DOD stakeholders. Prior accomplishments include serving as the project manager for the Remedial Action Cost Engineering and Requirements (RACER®) software contract, serving as the PM / COR for the remedial cleanup of the DAPL protest camps, serving as the NWD MSC for the rewrite of ER 200-2-3, and Mr. Harlon has been deployed to several natural disasters. Outside of work, Mr. Harlon is happily married to his wife (Melissa) and has 3 children (Daisy, Laretta, & Liam). The Harlon family enjoys being active in their local church, hunting / fishing together, and tagging along to the many extracurricular sports activities with their children.
