

A residential community for adults with IDD

Here to help navigate what's next.

We understand the challenge of knowing which path to take after graduation. That's why we've built a caring community where adults with IDD can achieve their fullest potential. Empowering them to attain independence, build relationships and thrive.

- A secure, supervised community with a customized approach as unique as every adult with IDD
- An experienced staff providing residents with the care, individual attention and real-world skills they need
- A welcoming place to call home, offering continued access to employment, group outings and volunteer activities in the local community
- The opportunity to enjoy an exceptional quality of life together with their peers

Opportunities to engage, grow and learn.

Along with volunteering and employment in the local community, we encourage participation in classes and activities, while providing the perfect environment for socializing.

Daymark residents can enjoy:

- Resort-style pool with slide and swimming lanes
- Monitored fitness center, game room and movie theater
- Clubhouse and dining hall with indoor/outdoor seating
- State-of-the-art classroom building
- Volleyball/sport courts and green spaces with walking trails
- Three meals a day developed by a licensed dietitian
- Scheduled local transportation for employment and activities
- Innovative communication and tracking technology for enhanced safety, supervision and peace of mind
- Licensed nurse on-site 24/7 and Baylor Scott & White hospital four miles away

It's a welcoming, purpose-built community, starting at \$3,800 a month.

Addressing life from every angle.

At Daymark Living, we know everyone has unique needs to meet and goals to achieve. That's why we take a multifaceted approach to instruction, individual coaching and group activities, focusing on six key areas:

-  Occupational
-  Physical
-  Social
-  Intellectual
-  Spiritual
-  Emotional
